ONE NIGHT IN BARI

Bari, Puglia's capital city, is a creative and welcoming center, eager to be discovered. Old Bari is a melting pot of folklore and traditions. Strolling through the old town's alleyways, from the Saint Nicholas Basilica to the San Sabino Cathedral, the medieval town showcases a wealth of cloisters, churches, noble palazzi, handicraft shops, bakeries and food vendors.

Small groups of participants will taste typical cuisine, such as focaccia and the world renowned orecchiette, joining hand-made pasta demonstrations delivered by local "mamme". At the end of the tour, Pugliapromozione will treat all participants with a welcome toast and live music.
